North East

Free in-home support tailored to you

Our advisors may be able to help you reduce your energy bills and create a warmer home.

If you're looking for ways to lower your energy bills, Home Energy Advice North East can help.

Don't wait until the colder months - If you struggle to heat your home because of money worries, or because your home is in a rural area, poorly insulated or off-gas, we're here to help with free, impartial expert advice.

Our Energy Advisors can provide you with:

- **Simple, clear advice on how to reduce your energy bills**
- **A personalised property report including recommendations for energy saving home improvements**
- **In depth advice from an energy advisor about the best options for you and what to do next**
- **Help and guidance on applying for grants to help with up- front installation costs**
- **Links to certified local installers**
- **Ongoing support to help you every step of the way**
